The following applicants have been admitted to various undergraduate degree programmes for the 2021/2022 Academic Year at Ardhi University. The lists contain candidates with Single admission and those with Multiple admissions.

Admitted candidates appearing in the published lists must observe their admission status and description for their necessary subsequent actions:

Candidates with Single Admission:

Candidates admitted under this category DO NOT need to confirm or re-apply because they have been selected to join Ardhi University only. They should wait for Joining Instructions, Admission Letters and other important information which will be issued immediately after completion of round three selections and confirmations.

Candidates with Multiple Admissions:

- Candidates under this category have been admitted to join Ardhi University but also other institutions.
- They are required to **immediately** log in to their ARU Online Application account and CONFIRM their admission at ARU by entering a Confirmation Code sent to them through their mobile phones or emails they used during application. Confirmation begins from **24th August, 2021** to **6th September, 2021**.
- In case a confirmation code has not been sent to you, please log into your ARU Online application account and request for the code.
- Failure to confirm by that deadline will mean that you have **NOT** accepted the admission and your slot will be filled by other qualified applicants.

In case you have tried all options above but still have not received the confirmation code, please call our admission support numbers (+255 738 357330 or +255 738 564712) for assistance.
